

**Mr Andrea Bernardini** is the Commercial Director of TECHNOLOGY, a world leader in the supply of plants for vegetable oil extraction, refining, Oleochemicals, HVO Pretreatment and biofuel production.

He is a C-level executive with over 15 years of international experience in the oils & fats industry and has played a crucial role in the strategic positioning and growth of the family-owned company, especially in the field of advanced biofuels. In 2020, he created three branch offices in India, Malaysia and UAE to further expand company's international activities.

Mr Andrea is part of the third generation of the Bernardini family and grew up under the leadership of his father Mr Mario Bernardini, one of the most influential and renowned personalities of the vegetable oils and fats processing industry.

After graduating in law, Mr Andrea spent several years around the world, working on the installation and start-up of biodiesel plants and vegetable oil refineries, acquiring an in-depth expertise in vegetable oils and fats processing.
